Creative Writing I * Week of 5/11-5/15

WEEK OF WRITING

DIRECTIONS

Choose from the following prompts for your piece of writing this week:

1. What do you think about when you're trying to go to sleep? Turn it into a piece of writing.
2. If you were invited to contribute five items to a city time capsule to be opened in 50 years, what would you include and why?
3. Select a color and personify it. What does it taste like and sound like? How does it move? What does it want and fear? What special powers does it have?
4. Envision a future in which you have a personalized robot who does all of your work. What features would your robot possess? How would you interact with it? What would it be capable of doing?
5. Tell this story: "Well, I thought it was going to be a regular summer doing all our regular things..."

All pieces of writing should be 300-500 words.
