Mr. Dennis E. Martin

Director of

Data & Technology Management

Federal & State Programs

Public Relations & Communications

September 2, 2008

As you are aware one of the leading concerns of parents, students, and community members is the growing need for security in our daily lives. As a district, Southeast Delco is committed to the safety and security of all district stakeholders. In 2001 we established a hotline for anonymous calls or tips regarding parent concerns. Your eyes and ears are important to us. Safety and security is everyone's business.

As a reminder to all stakeholders, the Tipline can be reached by dialing **(610)522-4300**. When the district message comes on, enter the extension **5847**. When the Tipline message plays, press **1** to leave your message, or wait for the prompt. Messages left to this line should be security related only. General questions and information should be handled through the link in the About Us/Questions and Information section on the website.

Thanks again for your support and assistance in securing the safety of our students and staff.

Dennis Martin

Director of Public Relations
