

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the [Return on Investment of Afterschool Programs in Pennsylvania](#) study determined that for every dollar invested in after-school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link to PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

Each district school has completed a needs assessment which identifies the strengths and weaknesses of each program. The common theme throughout our schools is a lack of time and/or resources to address the significant learning and behavioral gaps that the students display. To help address these issues, each school will offer an after school program which provides interventions Reading and Mathematics. A character education program will also be added to the program which will help address social-emotional issues that students are experiencing. Indicators used in this decision making process include attendance data, grades, and discipline infractions.

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Major Racial and Ethnic Groups	Academic Growth	100	Academic Intervention services in Reading and Math
Major Racial and Ethnic Groups	Emotional Wellness	40	Social-Emotional intervention through through the use a charter education program
Children with Disabilities	Academic Growth	100	Academic Intervention services in Reading and Math
Children with Disabilities	Emotional Wellness	40	Social-Emotional intervention through through the use a charter education program

- Describe the evidence-based resources that will be used to support student growth during the after- school program.

The resources that will be utilized include Study Island, Exact Path, and Fuel Ed curriculum. The services will be delivered in whole group, small group, and individual settings.

- Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
40	Internal	Teachers and paraprofessionals

- a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

- b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Benchmark Reporting	Weekly	Academic growth in students participating in programming
Discipline Referrals	Monthly	Decrease in discipline referrals for students participating in character education
Grades/Credits	Quarterly	Improvement in grades or attainment of credit (for high school only)

6. How will the LEA engage families in the after-school program?

The district will utilize newsletters, open houses, the district website, and direct communication with families to engage families with the after-school program.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

\$128,255.00

Allocation

\$128,255.00

Budget Over(Under) Allocation

\$0.00

Budget Overview

Function	Object	Amount	Description
1000 - Instruction	100 - Salaries	\$100,255.00	Salaries for teachers and paraprofessionals
1000 - Instruction	600 - Supplies	\$28,000.00	Intervention and character education curricular materials
		\$128,255.00	

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget
