

Good evening Southeast Delco families. Please read this important announcement concerning a change in 1st Marking Period grades and the school calendar for all Southeast Delco students.

The district recognizes that there have been a number of difficulties with remote learning. Therefore we will be extending the time that 1st Marking Period assignments can be submitted until November 29th. This will allow students extra time to submit missing assignments or improve grades on previously submitted assignments.

In order to assist with this extension, we will also be making a slight change to the school calendar. On Monday November 23rd, Tuesday November 24th, and Wednesday November 25th, all Southeast Delco students, K-12, will have half-days of instruction in the morning. In the afternoon of those days, teachers will be available for live drop-in sessions to assist students with assignments from the 1st Marking Period. These sessions are voluntary for students. The previously scheduled grade K through 8 conferences will not be held. Teachers will utilize office hours to update parents on student progress.

To reiterate, we are extending the time frame for 1st Marking Period assignments to be submitted. This will only affect grading, and not attendance. The 2nd Marking Period will still officially begin on Monday November 16th, 2020. Report cards for the 1st Marking Period will be issued the week of December 7th. As always, live grades can still be reviewed in PowerSchool.

If you have any questions, please speak first with your child's teacher and follow-up with your child's building principal or assistant principal if necessary.

Thank you and have a good evening.
