

Del Val Athletic Association

DEL VAL 2020 Fall Sports Statement

The Del-Val League has revisited the start of Fall sports considering some school districts are beginning to return to their school buildings. The Del-Val Athletic Directors, Principals, and Superintendents have worked together over the last few weeks to try and establish a fall season for our student athletes. Unfortunately, we shut down for the safety of all our school communities, and we continue to stay shut down for the same reason. The Del-Val Athletic Association knows that athletics play an integral role in students' lives and we are planning, in conjunction with the PIAA, to proceed with a fall season at an alternate time. The well-being of our school community is, and will continue to be, our priority and focus.
