

Southeast Delco School District is working with the Delaware County Intermediate Unit to conduct a K-12 review of the systems and practices that help students and their families feel safe and valued at school. Please take a few minutes to complete the survey below to ensure that families' perspectives are included in the data for the report. We are hoping to have the surveys completed by December 10, 2021.

If you are a district **family member**, click [here](#) to complete the survey.

If you are a district **student**, click [here](#) to complete the survey.

The questionnaire should take approximately 10 minutes to complete and your responses will remain completely confidential.

Thank you for your help as we seek to make your student's learning environments the most positive and supportive they can be.
