## SENDING YOUR STUDENT TO SCHOOL:

We are so excited to have your students back in our buildings! That being said, we must continue to mitigate the spread of Covid-19 and ensure that our buildings are healthy places to learn and work. We are asking all parents and guardians to complete the home health assessment every day, for each student coming into the building, prior to sending them in. If your child is sick, please keep them home. \*No paperwork has to be turned in, this evaluation is to be used as a reference only and will not need to be reported.

1. Is your student taking any medication to treat or reduce a fever such as Ibuprofen (i.e. Advil, Motrin) or Acetaminophen (Tylenol)?
2. Is your student experiencing any of the symptoms listed below?

**If answering YES to the question above, which symptoms are showing?**

<b>Group A</b> <b>1 or more symptoms</b>	<b>Group B</b> <b>2 or more symptoms</b>
Cough Shortness of breath Difficulty breathing Newly occurring lack of smell Newly occurring lack of taste	Fever (measured or subjective) Chills Rigors (body and joint stiffness) Myalgia (pain in the muscles) Headache Sore throat Nausea or vomiting Diarrhea Fatigue Congestion or runny nose

**Please keep your student home and contact their school if:**

- They have one or more symptoms in Group A **OR**
- They have two or more symptoms in Group B **OR**
- Are taking fever reducing medication.

Please note that this is only a health assessment and not a document to be used for making medical decisions. If you believe your student is ill, please keep them home and contact your local physician.

**On testing days, student will enter through designated doorways at their assigned buildings. As they enter the buildings, they will have their temperature checked, and then report to their assigned areas. PLEASE NOTE: Many staff members will be available to help your student reach their destination. Please stress to your students that they must follow all instructions from staff.**
