Dear Parent/Guardian,

It is the desire of the Southeast Delco School District to have highly qualified teachers in all areas of instruction. Parents of students in Title I schools are entitled to request information regarding the professional qualifications of the teachers and paraprofessionals who provide instructional services to their children. If you would like such information please contact your building Principal to arrange for your request.

In addition to Federal Guidelines under No Child Left Behind (NCLB) Law required that instruction in schools receiving Title I funding must be performed by a highly qualified instructor. Rarely is this an issue. If, during the course of the year, a temporary non-highly qualified instructor must be hired to fill a vacancy or more than 20 instructional days, parents will be notified of the situation and the options available to them.

We thank you for taking an interest in your child's educational experience and look forward to working with you during the 2015-16 school year. If you have any questions regarding the information above or Title I services as they pertain to Southeast Delco, do not hesitate to call.

Sincerely,
Jeffrey M. Ryan
